

Self - upload guide: safety certificates

Accessing the portal

- Log in to My Orientations (<https://www.myorientations.com/start/>).
- Go to "**Certificates**".
- Click the "**Add New Certificate**" tab at the top of the screen.

Submission step 1: certificate details

- **Achievement:** Select your certificate title (or closest match).
- **Issued:** Enter the date your certificate was granted.
- **Valid for:** Enter validity in months (i.e., 1 yr = 12, 2 yrs = 24, 3 yrs = 36).
May auto-populate.
- **Select a file to attach:** Upload a **valid** copy as a .jpg, .png, or .pdf file.
- Click "**Next**".

Note

Temporary certificates will be rejected. A certificate for an achievement that belongs to a paid training program cannot be self-uploaded.

Submission step 2: details verification

Review all entered details for accuracy, then confirm your attached file meets the following checklist before pressing "**Save**":

- Entire certificate is fully **visible and legible**.

- Displays your **full name and issue date**.
- All required **signature fields are signed** (employee and/or employer).
- The file contains **only this specific certificate**.

Awaiting validation

Reviews are typically completed within **2 business days**.

Status	Outcome
Submitted	Received and waiting for review.
Valid	Approved. No further action required.
Pending	Requirements missing. Check your email for resubmission instructions.

Need help? Contact admin_cmds@keyera.com if your review exceeds 2 business days.

Viewing an uploaded certificate

- Log in to **My Orientations** and navigate to **"Certificates"**.
- Find your **certificate name** under the Achievement column.
- Click the **download icon** next to your certificate record.
